Star of the Grand Cross of the Iron Cross

1813
1914
1939

Commonly known as "Breast Stars", the Star of the Grand Cross is a gold plated, eight-point star mounted with the Iron Cross First Class in its center. First awarded in 1815 to Field Marshal von Blücher and was therefore known as the Blücherstern, or Blücher's Star. It was awarded only one other time to Paul von Hindenburg in 1914, and this version featured the WWI Iron Cross mounted on the star. Although a few of the 1939 models were produced by Rath Jewelers in Munich, none were ever awarded. Only one example is known today and it is on display at West Point. After being returned by the US Army after WWII, our reproduction is offered in the 3 versions, with all being excellent copies featuring sharp details and multi-piece construction.

Very nice quality reproduction of the Imperial German "Pour Le Merite" known more commonly as the "Blue Max". Single sided with the correct pale blue enamel and gilt finish includes the neck ribbon. Condition is new.

50 Year Nazi "DJ" Hunting Association Badge

This fine quality, two-piece enamel pin is an exact reproduction of the original 50 Year Anniversary badge of the East Prussian German Hunting Association. The silver-plated antlered skull insignia used by the association during the Third Reich is mounted on a 1-5/8" diameter silver plated base featuring green and cream colored enameling. The silver lettering reads "50 Jahre - Deutsche Jägerschaft Ostpreussen" and "1888-1938". The attachment is a typical safety-pin type back.
